LYCEUM OF THE PHILIPPINES UNIVERSITY
Capitol Site, Batangas City 4200 Philippines

OUR VISION

The College of Engineering of the Lyceum of the Philippines University intends to be a leader in engineering education in the Asia Pacific Region which develops future Engineers who are committed to serve God and Country

OUR MISSION

The College of Engineering of the Lyceum of the Philippines University shall produce academically and technically competent Engineers who are God – fearing, nationalistic, globally competitive individuals who can assume active leadership in the field of Engineering

OUR PROGRAMS

- BS Computer Engineering

Computer Engineering is a profession that applies engineering principles and methodologies in the analysis, design, implementation and management of hardware, software and the integration of both.

- BS Mechanical Engineering

Mechanical Engineering is a profession that concerns mechanical design, energy conversion, fuel and combustion technologies, heat transfer, materials noise control and acoustics, manufacturing processes, rail transportation and automatic control, with safety and technological impacts to society.

Why LPU?

- 100% Passing Rate in the Mechanical Engineer Licensure Exam for 13 consecutive periods of exam
- Level III PACUCOA Accredited BS Industrial Engineering Program
- Level III PACUCOA Accredited BS Mechanical Engineering Program
- Level III PACUCOA Accredited BS Computer Engineering Program
- With numerous Linkages for internship and employment opportunities
- Producer of successful engineers working here and abroad

- BS Industrial Engineering

Industrial Engineering brings together the various sciences concerned with technology, production of goods, performance of sciences and the ways people work. It integrates human, information, material, monetary and technological resources to produce quality and cost competitive goods and services in a healthy and efficient work environment.
