# Earn a College Degree from your Work Experience

- ✓ Have you been working for years without a college diploma?
- ✓ Are you inspiring for a promotion but you can't qualify because you are not a college graduate?
- ✓ Do you want to turn your work experience to an actual college degree?

Let LPU ETEEAP help you!

## What is ETEEAP?

Expanded Tertiary Education Equivalency and Accreditation Program (ETEEAP) is a comprehensive ALTERNATIVE educational program that recognizes knowledge, skills, attitudes and values (KSAVs) obtained by individuals from formal, non-formal and informal education and training. It is a VALIDATION and EQUIVALENCY framework that can serve as alternative to the formal higher education programs. It acknowledges that learning can take place outside the confines of a formal classroom from informal and other sources of learning. It recognized that education and acquisition of higher expertise are processes that also take place in the world of work and beyond the confines of classroom.

## Our Main Objectives

1. Offer alternative venue for continuing quality higher education;
2. Provide competency enhancement programs toward completion of required competencies;
3. Develop comprehensive assessment and evaluation tools as a bridging mechanism for flexible entry and recognition of prior formal and non-formal learning experience;
4. Award Degree program and competency certificates to deserving individuals.
